WEEKLY HOROSCOPE

by Maleena Muzio

Sept. 6 to Sept. 12

Welcome back to the weekly horoscope, or hello if you are new! For those of you who don't know, horoscopes are featured in the print edition of the paper and change weekly. These predictions will forecast your (hopefully) beautiful second week back. All predictions are based on readings by AstroStyle or astrostyle.com. Keep reading to hear what your future holds.

Overview

Secrets and mystery may flood your relationships this week — but not the harmful kind; these are intra-relationship secrets. Just because something is hidden doesn't mean it doesn't exist. But don't worry, later in the week, as the Virgo new moon arrives, organization and order will become more clear.

Aries
March 21 – April 19
As Mercury enters Libra, the answer to a decision you were on the fence about — a person, job offer, big move — will become clear.

Taurus
April 20 – May 20
Put some effort into achieving your own harmony. If you are focusing too much on pursuing someone else's goals, it's time to reevaluate.

Gemini
May 21 – June 20
This may be a good time to take a step back from your vision board and consider your options. Reconsideration doesn't have to equal steps backward!

Cancer
June 21 – July 22
People will be lining up for your romantic attention this week as Venus shifts into Scorpio.

Leo
July 23 – Aug. 22
Positive financial opportunities may approach you — take advantage of them.

Virgo
Aug. 23 – Sept. 22
Productiveness and new romantic opportunities come your way this birthday season.

Libra
Sept. 23 – Oct. 23
Tap into your self expression with everything you do — down to a signature scent or even the way you speak.

Scorpio
Oct. 24 – Nov. 21
Trust your intuition as different scenarios present themselves. Advice is not always key.

Sagittarius
Nov. 22 – Dec. 21
Accept help from those around you when you need it as Mercury enters Libra to provide balance.

Capricorn
Dec. 22 – Jan. 19
A well-deserved break from work is on its way.

Aquarius
Jan. 20 – Feb. 18
Open back up to optimism as unexpected opportunities and creative ideas emerge.

Pisces
Feb. 19 – March 20
Ditch the dating rule book and follow your heart — see where it takes you.
