Hartford HealthCare-GoHealth Urgent Care Opens New Location In North Haven

North Haven: More Connecticut residents can now access high-quality, affordable care as Hartford HealthCare-GoHealth Urgent Care opened new center. With the new location in North Haven, patients are gaining increased access to the Hartford HealthCare network.

The new location brings the total number of Hartford Healthcare-GoHealth centers in Connecticut to 33.

For convenient, quality on-demand care, visit Hartford HealthCare-GoHealth's new center: 79 Washington Ave., North Haven, CT 06473. Located next to Stop & Shop and Total Vision.

As with all Hartford HealthCare-GoHealth locations, the new centers provide the community with a more affordable option for safe and efficient care outside of higher-cost settings, such as emergency departments, without sacrificing quality. According to UnitedHealth Group, which provides health insurance plans nationwide, urgent care is more than five times more affordable than a visit to the ER. Hartford HealthCare-GoHealth centers offer patients the added benefit of a direct connection to Hartford HealthCare's robust care network, which is nationally recognized for quality and safety.

Affordable, convenient neighborhood urgent care

The new centers offer treatment for non-life-threatening illnesses and injuries, on-site X-ray services and diagnostic testing. They are open 365 days a year, including holidays, with regular hours from 8 a.m. to 8 p.m., Monday through Friday and 9 a.m. to 5 p.m. on weekends.

Patients seeking care can be seen quickly and easily by walking into any Hartford HealthCare-GoHealth center or by using Hartford HealthCare-GoHealth's online "save a spot" tool, which allows patients to save time by securing their spot in line, checking in and completing registration. Patients may also connect with a Hartford HealthCare-GoHealth provider remotely with a Virtual Visit, via a mobile device, computer or tablet.
