Aleia's Gluten Free Foods, LLC Celebrates Plant Expansion With Ribbon Cutting Ceremony

North Branford: The ribbon cutting of Aleia's Gluten Free Foods, LLC celebrates the new bakery manufacturing facility opening to the Connecticut shoreline community.

Aleia's Gluten Free Foods, LLC is a maker of certified gluten-free baked goods for the retail, commercial & food service markets. Founded in 2008, Aleia's is a woman-owned, USA-based manufacturer; a leader in the U.S. market known for its high-quality gluten-free products. Aleia's specializes in breadcrumbs, panko, coatings, stuffings, and croutons.

As a leading provider of innovative solutions to the manufacturing and food service industries, Aleia's is fast becoming the go-to source for bulk custom ingredients. Through the dedication of its research and development team, Aleia's has achieved significant success in developing tailor-made recipes that cater to the specific needs and requirements of its clients.

"In order to meet the high demand for Aleia's products, it was necessary we relocate to a larger facility, add cutting-edge equipment and expand production" said Aleia's founder Kim Snow.

The facility, spanning 60,000 square feet, will increase capacity, create new jobs, and is scheduled to be fully operational on August 20, 2024.

To guarantee the quality of our products, we maintain gluten-free, Non-GMO Project Verified, Kosher, WBENC, and SQF certifications. The new facility is 100% gluten-free, dairy-free, tree nut-free, peanut-free, soy-free, corn-free, sesame-free and shellfish-free.

"This is a dream come true for Aleia's and I couldn't be more proud of everyone who worked together to make this a success. This is an example of how collaboration can go a long way. Aleia's will thrive and grow in this expanded space, and we are all excited to see what the future holds," says Kim Snow.

We look forward to moving in, establishing strong roots in the community, and filling North Branford with the aroma of freshly baked gluten-free products!

Northford - North Branford Women's Club

SPEAKER WELCOMED FROM RONALD MCDONALD HOUSE

The Northford-North Branford Women's Club, GFWC cordially invites you, your family and friends to attend a presentation by Emily Brady, Chief Development Officer of the local chapters of the Ronald McDonald Houses in New Haven and Western Massachusetts.

The presentation will be held Tues., Oct. 15 7pm at the Stanley T. Williams Community Center, 1332 Middletown Avenue, Northford. Emily will share with us all of the wonderful services offered to families who are going through difficult times with their children's medical conditions.

The Ronald Mc Donald Houses serve as safe havens for families with children in need of medical care and keeping families together as they seek essential healthcare services and life-changing medical treatment.

The Northford-North Branford Women's Club also collects flip tops from cans and delivers them to the Ronald McDonald House in New Haven and in turn they are sent to an alchemist who melts the aluminum. The proceeds from that process go directly back to benefit the charity.

Please join us on October 15th at our General Assembly Meeting and learn more about this wonderful charity and please don't forget to bring some flip tops with you!

FOR SALE: Weatherproof GFI kit, brand new, 15A 125 VAC duplex receptacle with box, cover, hardware $12; (203) 606-0932

Attention: 18-19 Year Olds

I am a retired New York City high school guidance counselor. With the help of students and adults, I have developed and facilitated a program known as the "Anger Management Power (A.M.P.) Program." I'm the author of the book entitled, *Peace the Other Side of Anger* (2011), based on this program for parents/guardians and professionals helping youngsters handle anger in positive ways.

I'm in the process of revising this book by adding additional chapters on the pandemic, gun violence, and social media -- all of which had not existed or have the impact they have today. Your opinions are valuable and your perceptions meaningful. Three surveys on these subjects have been created and need your input. Your names will NOT be used. The only identifying information will be your gender, age and grade.

Please access these surveys on the link and/or QR Code shown here. They should only take you a few minutes to complete.

Thank you for your participation.
