North Haven Garden Club Decorates Post Office Window Boxes

Pictured Top: Cristie Amato and Pete Stevenson. **Bottom:** Post office boxes decorated with seasonal mixed greens.

North Haven: On a cold Sunday morning, North Haven Garden Club members Cristie Amato and Pete Stevenson decorated the North Haven Post Office Window Boxes with seasonal mixed green, berries, pine-cones, and white branches for all to enjoy while visiting the post office. They soil was frozen and Pete had to use a screwdriver to make holes in the soil for the greens to go into the boxes.

Don't forget to check out The North Haven Garden Club on Facebook for lots of useful and entertaining information and pictures of all our club does in our great town of North Haven! For membership information please email Italia at italia_a@comcast.net.

North Haven Garden Club is a member of The Federated Garden Clubs of Connecticut Inc., New England Garden Clubs Inc., and The National Garden Clubs Inc.

How to Protect Your Car from Car Theft

By B.L. -- A long-term resident of North Haven, CT with 58 years of community experience

One of the most effective safety devices at your disposal is your "Key Alarm." If you find yourself in a parking lot and witness someone attempting to break into your vehicle, it's crucial to prioritize your safety: call 911 immediately, activate your Key Alarm, and continue walking to a safe location while remaining on the line with authorities.

Similarly, if you notice someone tampering with or trying to steal your car in your driveway, do not confront the individual. Instead, activate your Key Alarm and contact 911 right away.

In addition to personal safety devices, consider investing in modern security solutions such as doorbell cameras and floodlights equipped with security cameras and sirens. These systems can provide valuable protection for your property.

For me, the Key Alarm is my go-to safety measure -- it's always within reach and comes at no additional cost. Prioritizing personal safety and property protection is essential in today's environment.
